Education

10/2018 – 09/2019	**Machine Learning and Autonomous Systems** Master of Science (Graduating in September) Currently ranked #1 in Class *University of Bath*, United Kingdom
09/2015 – 08/2018	**Applied Mathematics and Computer Science** Bachelor of Science *Aachen University of Applied Sciences*, Germany
09/2015 – 08/2018	**CCI-Certified Software Developer**[1] *RWTH Aachen University*, Germany
08/2002 – 06/2015	**A-levels (High School Diploma/Abitur)** *Rudolf Steiner School Aachen (Waldorf School)*

Work Experience

RWTH Aachen University   Aachen, Germany
Software Developer   Sep 2015 – Aug 2018

- Worked 20 hours per week during the semester and full-time during semester breaks
- Worked mostly on web applications (Java)

Projects

A Siamese Architecture for Neural Style Transfer
Master's Thesis   May 2019 – Present

- Developed a style transfer model similar to CycleGAN (Zhu et al., 2017)
- Implemented with Python and PyTorch (more details on my homepage)

Detecting Abnormalities in Clinical Data with GANs
Bachelor's Thesis   Apr 2018 – Aug 2018

- Used a GAN to detect cardiac arrhythmia in ECG recordings by only training on normal ECG recordings
- Implemented with Python and TensorFlow (more details on my homepage)

Programming Languages

Proficient	Java, Python
Elementary	C++

Frameworks/Technologies

Intermediate	PyTorch, NumPy, LaTeX
Elementary	TensorFlow, SQL, Git

Languages

Native	German
Fluent	English
Elementary	French

Relevant Coursework

Postgraduate
   Machine Learning 1
   Machine Learning 2
   Bayesian Machine Learning
   Statistics

Undergraduate
   Linear Algebra
   Probability and Statistics
   Machine Learning
   Algorithms and Data Structures
   Programming
   Calculus

---

[1] I completed a degree apprenticeship program called MATSE offered jointly by RWTH Aachen University, Aachen University of Applied Sciences, and the Chamber of Commerce and Industry, Aachen. As part of this program, I completed a bachelor's degree program in Applied Mathematics and Computer Science at Aachen University of Applied Sciences and a CCI-certified vocational training program in Software Development at RWTH Aachen while working as a junior software developer at the Department of Medical Informatics at RWTH Aachen. More information is available here: http://bit.ly/degree-program
